

Presents  
**One day Workshop on (FIASTM)  
 Functional Instrument Assisted Soft Tissue Mobilization**

**Would you like to add a new and effective method of soft tissue manual therapy in your tool box?**  
**Would you like to enhance your current clinical practice by providing quick result and reduced treatment time?**  
**Would you like to save your hands from inimical forces generated during hands on manual technique?**  
*Then this workshop is for you.*  
*For those who want to advance their clinical skill set and not stuck to old school of taughts.*

What You will learn and get in this workshop:

- Underpinning knowledge on IASTM and hands on training on how to integrate IASTM into current Manual Therapy Techniques
- Basic Selective Functional Movement Assessment as a base for applying IASTM techniques
- A Manual on IASTM Patterns based on experiences and treatment effect.
- Basic Fascial Stretches of Myofascial Lines
- Certified as Level 1 FIATSM practitioner from MK Manual Therapy

*YOU WILL BE ABLE TO USE THE TECHNIQUE THE VERY NEXT DAY OF THE WORKSHOP*
